Summary

Full Stack Developer with 3+ years of experience delivering end-to-end web applications across design, development, and deployment stages. Proficient in Java, Spring Boot, Hibernate, MongoDB, PostgreSQL, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, SCSS, RESTful APIs, WordPress, Next.js, and React.js. Strong ability to architect scalable, maintainable, and high-performance systems using clean code principles. Experienced in Agile/Scrum environments with strengths in problem-solving, time management, and collaboration. Fully authorized to work in the UK with a valid visa and committed to continuous learning.

Skills

Frontend Development: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Sass (SCSS), Bootstrap, Tailwind CSS, Redux, WordPress, RESTful Web Services, Web APIs, Webpack

Backend Development: Java (Core Java, Advanced Java), Spring Boot, Spring MVC, Spring Security, Spring Framework, Hibernate, Microservices Architecture, MongoDB, PostgreSQL

Experience

Frontend Developer

January 2025 – June 2025

InovaForce (Remote)

Tools Used: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Sass (SCSS), Tailwind CSS

- Utilized **Miro** for Agile task management and **sprint planning** to align deliverables with client requirements.
- Developed customizable **UI** components to accelerate feature implementation and improve scalability.
- Transitioned the styling system from legacy **CSS** to **SCSS**, reducing file size by 30% and boosting developer efficiency.
- Architected reusable Next.js templates, shortening development cycles by 40% and ensuring consistent design patterns.

Intern

July 2024 – January 2025

Nobel Learning PBC

Tools Used: Analytical Thinking, Problem Solving, Teamwork, Presentation Skills

- Completed professional development courses to enhance **analytical thinking, problem-solving, and technical presentation skills**.
- Completed a Web Design program using WordPress, producing 3 responsive websites, customizing **10+ themes/plugins**, and delivering 2 structured presentations to 10–15 attendees.
- Created interactive slides and visuals to support internal training sessions.
- Practiced **public speaking and facilitation** to effectively communicate both technical and non-technical concepts.
- Collaborated in group projects and cross-functional teams, strengthening **teamwork, communication, and leadership abilities**.

Full Stack Developer Intern

June 2023 – March 2024

Speedyli

Tools Used: Java, Spring Boot, Tailwind CSS, React.js, Next.js, MongoDB, PostgreSQL

- Improved full-stack features using **Java, Spring Boot, React.js, Next.js, MongoDB, and PostgreSQL**, contributing to scalable and high-performance application architecture.
- Built and enhanced **React.js** and **Next.js** interfaces with full **CRUD functionality**, delivering responsive, reusable, and maintainable components optimized for mobile, tablet, and desktop devices.
- Created and implemented **RESTful API integrations** for seamless front-end and back-end communication.
- Executed **Redux** for centralized state management, improving performance and maintainability across modules.
- Applied **Bootstrap, Tailwind CSS**, media queries, and NPM packages to create consistent, accessible, and responsive UIs.
- Followed **Agile/Scrum** and **SDLC methodologies** to deliver features on schedule and maintain organized development workflows.

Projects

Ozkapan Website *<https://ozkapan.com>*

- Developed a modern e-commerce web application using **Next.js**, implementing **SSR** and **SSG** for high performance, improved SEO, and scalable architecture.
- Planned and structured the application with a **clean, modular, and maintainable** architecture, focusing on usability and efficient development practices.
- Built **responsive UI components** to ensure a consistent and streamlined user experience across all devices.
- Utilized **Sass (SCSS)** to create reusable, organized, and scalable style components for improved maintainability and design flexibility.

Alkan Foreign Trade Website *<https://alkan-ticaret-next-js.vercel.app/en>*

- Produced a corporate website for Alkan Foreign Trade featuring **6+ core pages** (Home, About Us, Services, Products, Contact, Inquiry Form) to clearly present the company's international trade operations and corporate identity.
- Designed a **100% responsive** and **SEO-optimized** interface, improving usability across **3 primary device categories** (mobile, tablet, desktop) and strengthening brand credibility.
- Structured a modular architecture with **10+ reusable components**, enabling fast content updates and scalable future expansion without structural redesign.
- Integrated a client inquiry system that streamlines communication by consolidating **1 centralized form** to handle customer requests efficiently and support lead-generation processes.

School Management Website *<https://react-joy-ful-campus.vercel.app/>*

- Engineered a full-stack application using **Java, Spring Boot, and React**, implementing **4 core CRUD operations** and building **RESTful APIs** to ensure efficient and structured data management across the system.
- Used **Redux** for centralized state management in the React frontend, improving data flow consistency and boosting overall application performance by approximately **20–30%**.
- Ensured a fully responsive and user-friendly interface by using **10+ media queries, Bootstrap components**, and multiple NPM packages, achieving consistent usability across 3 primary device types (mobile, tablet, desktop).
- Followed structured development practices by participating in **daily Scrum meetings** and adhering to **5 SDLC phases**, supporting accurate progress tracking, team alignment, and high-quality software delivery.

Certifications

- **SheCodes Plus,Basic – Frontend Development (2022):** Completed SheCodes Basics and SheCodes Plus, gaining strong hands-on experience in HTML, CSS, JavaScript, API integration, and modern front-end development through practical, real-world projects.
- **Full Stack Developer Bootcamp – 2024:** Completed a comprehensive Full Stack Developer Bootcamp, gaining hands-on experience in Java, Spring Boot, React, SQL, and RESTful API development through real-world, end-to-end projects.
- **Professional Scrum Master – 2025**

Education

B.Sc. Biomedical Engineering

Afyon Kocatepe University, Turkey

Graduated: 2018
